ENERGY EFFICIENCY

SMARTER FACILITIES. LOWER WASTE. BETTER PERFORMANCE.

Limitless Group can incorporate energy-efficiency objectives into construction, renovation, procurement, and facility-service projects. Our approach focuses on practical upgrades and coordinated implementation that support lower operating costs, improved building performance, and long-term asset value.

LED LIGHTING & CONTROLS

LED retrofits, occupancy sensors, daylight controls, timers, and lighting-control upgrades.

HVAC EFFICIENCY

High-efficiency equipment replacement, controls, thermostats, maintenance coordination, and system optimization.

BUILDING ENVELOPE

Insulation, air sealing, weatherization, doors, windows, and related improvements that reduce heating and cooling losses.

ENERGY-SMART PROCUREMENT

Sourcing efficient equipment, appliances, fixtures, building products, and replacement components based on project requirements.

WATER & FACILITY EFFICIENCY

Low-flow fixtures, leak-reduction measures, preventive maintenance, and facility improvements that reduce resource waste.

PROJECT COORDINATION

Coordination of qualified trade partners, suppliers, schedules, documentation, installation, and closeout for efficiency-focused projects.

ENERGY EFFICIENCY CAN BE INTEGRATED ACROSS MULTIPLE SERVICE AREAS

Construction • HVAC • Electrical • Procurement • Facilities • Property Operations

FEDERAL CONTRACTING PROFILE

TRUSTED. COMPLIANT. READY TO SERVE.

Limitless Group is positioned to support federal procurement requirements across goods, construction, energy-efficiency improvements, facility services, property operations, and professional support services.
